Summary

WAC 388-800-0310
WORKER
RESPONSIBILITIES

“A person ~~can~~not receive shelter assistance to live on the street...”

The change is necessary because WAC 388-800-0130 does not limit the kind of shelter assistance that an individual eligible for the ADATSA Shelter Program may receive. Using the term “shelter” in two different contexts is confusing and may have resulted in a misunderstanding of this rule. Suffice it to say ADATSA Shelter is a program, not a grant standard.
